

SHIFTING THE LIMITS

Wels, August 20th 2015

SHORT CIRCUIT CURRENT I_k MAX

Fronius International GmbH

declares that for the inverters

/ **Fronius Symo 15.0-3-M**

/ **Fronius Symo 17.5-3-M**

/ **Fronius Symo 20.0-3-M**

the largest short circuit alternating current
 $I_k'' = 1.1$ p.u. (110% of the rated current)

and the maximum switch current factor
 $K_{imax} = 1.032$

Fronius International GmbH

Solar Energy Division

Froniusplatz 1

A-4600 Wels

A handwritten signature in blue ink, appearing to read "Thomas Mühlberger".
